Mark works full-time to unite and build-up men as true leaders, protectors and providers through education, formation, action and healing. Since 2004, Mark has been working full-time in the pro-life movement and lecturing teens on their sexuality throughout the United States and Canada. Mark believes that the young people of today are ready and up to the challenge of living a chaste lifestyle. Mark also realized the need for men to be more involved: "In my own journey, I recognized that I needed to do more as a man to protect women and children and the common good."

Damian Wargo, Co-Founder & Director of Operations for *The King's Men*, is passionate about building up men in the mold of leader, protector, and provider. Damian lectures on masculine spirituality

and virtue formation and conducts workshops on engaging in noble battles, especially anti-pornography activism. He also helps oversee *The King's Men's* new *Into the Wild* weekends in the wilderness of Pennsylvania, providing practical insights for men who plan to engage or who already are engaged in a serious battle against evil, be it against the multi-billion dollar pornography industry, abortion, or another battle. In this talk, Damian shares powerful stories and excellent examples from *The No More Porn Tour* and "war room" initiatives of *The King's Men* to demonstrate how the devil will try to destroy a worthy effort by attacking men internally and/or externally. Damian provides men with a counterattack for the devil's plan, namely, the virtues of perseverance, humility, courage, and charity.
