To Whom It May Concern:

**RE: Joe McClane**

Joe McClane was a speaker at the San Antonio 2010 Catholic Men's Conference that was held on March 20<sup>th</sup>.

Joe is a Catholic New Media producer, podcaster, radio show co-host and Evangelist. His presentation at the Conference was titled "Free At Last – Sexual Integrity". It was a powerful testimony of his personal conversion and the reality of how destructive and addicting pornography is today. He also included spiritual tools to encourage, teach and challenge men to live with sexual integrity.

The men listened intently to this topic that is usually not addressed in a public setting. As a matter of fact, our culture makes excuses for pornography at every level which has had severe consequences in families.

Thank God for Joe's commitment and his love for God and the Catholic Church.

Sincerely in Christ,
